

Lil Dragons Testimonials

The Lil' Dragons program has made such a difference with my son's confidence level. The belt performances give him a sense of accomplishment.

Nichole Williams

The Lil' Dragons program is a great balance of fun and discipline. The children are amused and entertained as they learn self-control, responsibility, and values. It truly is a wonderful program.

Shukriyah Satterfield
Teacher at Executive Child development Center

This is a terrific program. It has taught my 4 year old son many things – self confidence, good habits and respect for other fellow students. I am very thankful to Mr. And Mrs. Malakoff for inculcating these great values in young children.

Subha Medhaven

I am really impressed with the self-confidence and physical coordination that my son has developed since starting the program a couple of years ago. Additionally, the life lessons given at the end of the classes are a great help to us parents. Thank you for all your hard work.

Jim Whitney

My son Neil is so excited about being a blackbelt one day! He has grown emotionally and psychologically during the period of time he has been a Lil' Dragon. The weekly practices and belt performances are an incredible esteem boost.

C. Leigh Walter

My son Sebastian has really enjoyed Lil' Dragons, and I have seen a vast improvement in his behavior. The safety awareness program alone is worth the cost of the tuition!!

Thanks,

Sondra Silver, MBA
Management Analyst

Our son has grown by leaps and bounds, thanks to this program. We have seen an increased level of respect shown to adults, and sheer enjoyment when performing in the belt performances and participating in his weekly class. Great Program !!!

Wendy Burnett, NIH

I get goose bumps when listening to you talk about the purpose and passion of the program. I attended Ben's Lil Dragon ceremony yesterday, and just love to see the two of you interact. You build these little guys/gals up and show them how to become the best they can be, all the while with honor, respect, and dignity. You are both so blessed to have one another, and to then return that blessing to all of your students (and us parents)! I'm very glad to have the honor of knowing the two of you.

Sincerely,
Linda Kwiatkowski
